

Why Cities & Counties Are Choosing Regenexx

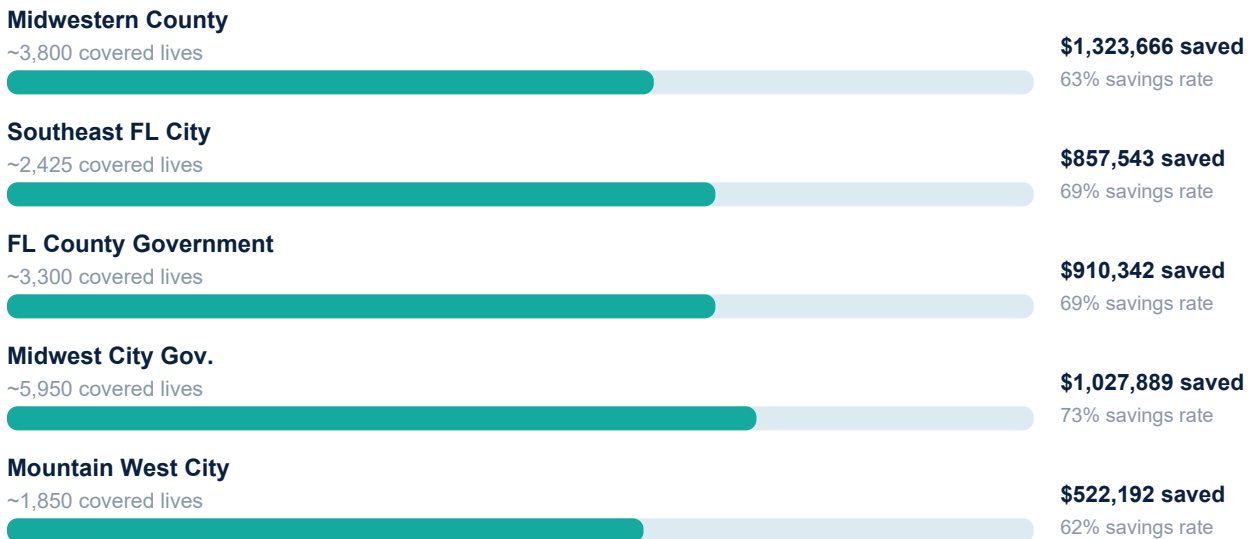

Proven savings. Fewer surgeries. Happier employees.

HOW REGENEXX WORKS FOR YOUR PLAN

- 01 Employee Consultation**
Member speaks with a Regenexx network physician to assess candidacy for non-surgical treatment.
- 02 Conservative Care First**
If appropriate, members try conservative options — physical therapy, injections — before any procedure.
- 03 Precision Procedure**
Board-certified physicians perform image-guided regenerative procedures: PRP or bone marrow concentrate (stem cell).
- 04 Return to Function**
Members return to work and activity faster, avoiding surgery recovery time and prescription opioid dependency.

REAL-WORLD SAVINGS ACROSS OUR CLIENTS

The Business Case for Adding Regenexx

Trusted by 33 active city & county clients — and growing

PROVEN ROI

\$7.3M+ in estimated savings

Regenexx clients consistently see 60–77% savings vs. traditional hospital-billed costs — delivering measurable, year-over-year ROI for plan administrators.

NO SURGERY REQUIRED

1,402 procedures. Zero scalpels.

Image-guided regenerative injections — PRP, bone marrow concentrate (stem cell) therapies — treat the root cause of musculoskeletal pain without operating rooms.

FASTER RETURN TO WORK

Same-day. Outpatient. Back to duty.

Employees avoid weeks of surgical recovery, disability pay, and lost productivity. Most regenerative procedures are completed in a single outpatient visit.

TRANSPARENT PRICING

Flat-fee. No surprise billing.

Predictable, bundled procedure costs let HR and finance teams plan with confidence — unlike the unpredictable billing cycles of traditional surgical care.

FULLY INTEGRATED

Layers onto your existing plan

Regenexx is added as a Centers of Excellence benefit with no disruption to your existing coverage, networks, or employee relationships.

OPIOID REDUCTION

Treat the cause, not the symptoms

Non-surgical treatment of musculoskeletal conditions reduces reliance on opioid pain management — a critical priority for public-sector employers and risk managers.
